CIFAL Global Network TRAINING CATALOGUE 2024

*Version - March 2024

The United Nations Institute for Training and Research (UNITAR) provides innovative learning solutions to individuals, organizations, and institutions to enhance global decision-making and support country-level action for shaping a better future. The Institute provides training and capacity development activities to assist mainly developing countries with special attention to the Least Developed Countries (LDCs), Small Island Developing States (SIDS), and other groups and communities who are most vulnerable, including those in conflict situations. UNITAR has been an essential member of the United Nations family. For the last 60 years, member states have been able to count on the institute's support in several critical areas. UNITAR was born in 1963, in a moment of hope for international collaboration and human progress. In this period of hope, ambition, and transition, UNITAR came together with "the unique purpose of enhancing the effectiveness of the United Nations itself" through training and research.

The CIFAL Global Network is UNITAR's network of affiliated centres dedicated to providing innovative cutting-edge training aimed at strengthening the capacities of government authorities, local leaders, and key change agents from local and sub-national levels to design and implement innovative solutions to global challenges. This Network also serves as a hub for the exchange of knowledge and experiences amongst public officials, the private sector, academia, civil society, and other key stakeholders at all different levels. The CIFAL Global Network was created in 2003 as a cooperation model between the United Nations and local governments, as well as with other partners at the local level. For 2023, 20 years after its foundation, the CIFAL Global Network is comprised of 31 training centres located across Africa, Asia, Europe, Australia, and the Americas. For this year, UNITAR's global network organised 422 events, for a total of 97,407 beneficiaries.

Message from the Executive Director

We are delighted to welcome you to the XX Annual Steering Committee Meeting of the CIFAL Global Network (CGN). This occasion holds particular significance as we celebrate both the 60th anniversary of UNITAR and the 20th anniversary of this remarkable network.

This meeting presents a valuable opportunity to reinforce the governance of the CGN. It is also a moment to acknowledge the exceptional work of the CIFAL Centres and your meaningful contributions to advancing the Sustainable Development Goals (SDGs).

In the ongoing pursuit of implementing the 2030 Agenda for Sustainable Development, it is crucial for us, as a global community, to appreciate the pivotal role of learning. Knowledge, skills, and attitudes are indeed vital catalysts for driving change across all 17 Goals. Training activities play a significant role in enhancing the capacities of individuals, organizations, and institutions to undertake the extensive work demanded by the 2030 Agenda. The profound transformation outlined in the SDGs and other global action plans established in 2015 can only be achieved through empowering those tasked with its realization. Building capacity across nations and communities, encompassing schools, businesses, individuals, and institutions, is pivotal in breathing life into the 2030 Agenda.

As leading providers of high-quality learning solutions and various knowledge products and services, UNITAR and its CGN have a fundamental role in supporting Member States and other stakeholders in achieving the 2030 Agenda and uplifting those in our world who are most disadvantaged.

We express our gratitude to all CIFAL Directors and their teams for these 20 years of engaged, efficient, and continuous efforts and contributions towards our growth and global capacity-building initiatives. I extend my best wishes for ongoing success in the vital collaborative efforts ahead, and I am eager for our discussions during our annual meeting.

Mr. Nikhil Seth
UN Assistant Secretary-General
Executive Director, UNITAR

31 CENTRES AROUND THE WORLD

The CIFAL Global Network is UNITAR's network of training centres dedicated to strengthening the capacities of government authorities and civil society leaders to advance sustainable development.

CIFAL Centres provide an international platform for knowledge exchange, supporting sharing and dissemination of best practices and lessons learned across cities. With its City-Share methodology, CIFALs foster multi-stakeholder collaboration that leads to the design of innovative solutions to address current challenges.

THE CIFAL THEMATIC AREAS

Urban Governance and Planning

- › Integrated Urban Planning
- › Public Safety and Security
- › Sustainable Transport and Mobility
- › Road Safety
- › Integrated Water Resources Management
- › Waste Management
- › Technology and Smart Cities
- › Cybersecurity
- › Artificial Intelligence
- › Digital transformation and security

Economic Development

- › Competitiveness
- › Creative Economy
- › Employment Promotion
- › Entrepreneurship Development
- › Tourism for Development
- › Airports Management
- › Ports Development
- › Sustainable Maritime

Social Inclusion

- › Indigenous People: Rights, Laws and SDGs
- › Gender Equality and Empowerment
- › Youth Engagement
- › Disability Inclusion
- › Human Rights and Children's Rights
- › Maternal and Infant Health
- › Ageing
- › Refugees and Migrants
- › Human Trafficking
- › Sports and Development
- › Cultural Heritage

As per February 2024, the CIFAL Global Network comprises thirty one centres across Africa, Asia, Australia, Europe, and the Americas.

Each “Centre International de Formation des Autorités et Leaders” (CIFAL) provides innovative training on key areas related to sustainable development and serves as hubs for the exchange of knowledge amongst government officials, non-governmental and international organizations, the private sector, civil society, academic institutions and the UN system.

Each CIFAL is specialized in thematic areas that are defined by the needs and priorities of the regions they serve. Their training programmes provide access to knowledge, resources and best practices, while promoting multi-stakeholder collaboration in support of sustainable development.
